

Sinclair Broadcasting must not be allowed to use public airwaves for electioneering. Rules have long been in place to guarantee equal time to all candidates. It does not serve the community to have only one-sided shows about presidential candidates. The public must be given all sides of a story in order to make a reasoned decision. Please stop Sinclair Broadcasting from airing "Stolen Honor" unless it also offers Senator Kerry equal time to counter the charges made against him in the show with his own statement or with statements from those who support him.
